DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-10 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 1, on line 23, the term "the inside" and on line 28, "the circumferential tension" is indefinite since it lacks proper antecedent basis. Also, on lines 27-28 of claim 1, "any significant change" is indefinite since it does not positively limit the metes and bounds of patent protection as desired.

Further, in claim 1, both recitations on lines 18-20 and 29-31 are substantial duplicates and indefinite. It is suggested that one of the similar recitation be deleted. Correction is required.

Claim Objections

3. Claims 4-10 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim 4-10. See MPEP § 608.01(n). Accordingly, the multiple dependent claims should be amended in present in proper form.

4. Claims 1-10 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph and multiple dependent claim objection, set forth in this Office action.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to Applicant's disclosure.
